

HEART SAFE COMMITTEE
JUNE 24, 2025
MEETING MINUTES

Members Present: Angie Boettcher, Cheri Olson, Eileen Krenz, Dave Krenz, and Mary Sue Busch

Business program update:

Cheri Olson provided an update on the Heart Safe Business program. The clings are completed and include a bronze, silver, gold, and diamond levels. Cheri will be working with her daughter to develop a checklist/flyer that Heart Safe committee members can use to determine what level a business should be awarded. Businesses can continue to work toward higher levels.

Angie will make sure information is placed on the City Facebook page, website, and newsletter introducing the program to the public, once it is ready to be launched.

We discussed whether there should be a specific email address for businesses to submit questions about the program. Angie will ask the City Administrator if her city email address can be used.

Angie will work on creating a spreadsheet to identify businesses and track their levels/date awarded. Once a business is presented with an award, Angie should be notified so it can be placed on the spreadsheet.

The next meeting is scheduled for Wednesday, September 10th, at 4:00 p.m. in the Community Room
