City Administrator

In approving the above Motion, the City Council made the following findings of facts:

That allowing the Legislation take effect locally as passed in St. Paul would create:

1. Potential and real conflicts with current zoning ordinances;
2. A situation where La Crescent was not ready by September 1, 2016 to accept, review and grant permits. Of particular concern is collecting potentially private and thus protected medical information and immediate or subsequent violation of Federal HIPPA protections for health care information;
3. State rules for local zoning where, if there is an evidenced need, local rule making is more adaptable to local needs and community standards than the proposed universal ordinance adopted by the State Legislature and signed into law by the Governor.

The foregoing motion was duly seconded by Member Williams and upon a roll call vote taken and tallied by the City Administrator, all Members present voted in favor thereof, viz;
