### Public Notice:

Houston County Materials Recovery Drop Site is a great place for area residents and small businesses to bring in their unwanted items for recycling, reuse or disposal. Oftentimes, unwanted items brought to the drop site are still useful. Quality, reusable items are separated and placed in an area where other customers can "shop" for free items for their use, and reducing the amount of recoverable items sent to the landfill. See Drop Site Supervisors or check the Houston County website, [www.co.houston.mn.us](http://www.co.houston.mn.us) for details of sites, such as where they are located and hours of operation. If you have questions, please call Houston County Environmental Services at 507-725-5800.

## What Can Be Recycled?

GLASS	TIN CANS	PLASTICS 	PAPER/FIBER PRODUCTS
<ul style="list-style-type: none"> <li>Food and beverage glass only (soda, beer, wine and liquor bottles; food containers)</li> </ul> <p>Rinse clean and discard metal or plastic caps. ## Disposing of Paint

Paint is not accepted at drop sites. Empty or hardened paint containers can be disposed of in the regular trash. Leftover and unwanted paint can be disposed of throughout the year through the Paintcare program – visit [paintcare.org](http://paintcare.org) for information.

During household hazardous waste events only, County residents can dispose of paint. Acceptable items in containers 1 gallon or smaller are no charge. Businesses should contact the County for additional information.

## Pharmaceutical Drop-Off

Medications are not accepted at drop sites. Medications can be disposed of in drop boxes located at the Houston County Sheriff's Office and the La Crescent Police Department throughout the year.

Please refer to Page 4 under "Sharps & Needles" or contact your health care provider for proper disposal of sharps and needles.

## HHW Collection Household Hazardous Waste collection dates and locations
