Present: Jason Ludwigson, Maseray Bangara, Willow Arden and Linda Larson  
Absent: Annie Stoecklein  
Meeting held virtually at 7:15 pm

1. Update on the Wagon Wheel bike/ped bridge project (Jason)  
The timeline for the span to be placed is now July. No other details are available currently.

2. Plans for the trailhead at 1st St, (i.e., park bench, fix-it station, bike racks, and grand opening celebration (Jason)  
No specific plans are made until the project is completed. Benches, a bike rack and the Fix-It station are here. A water fountain is being researched as is 3-4 electric car charging stations. Those would require a 10% match from the City which is a $30-40,000 investment.

3. Complete mapping of the Neighborhood Bikeway (Linda and Jason – map attached)  
The first part of this project has been mapped and the signs will hopefully be installed this summer. The second half require mapping, planning and order another set of signs. A SHIP grant was written by Jason to cover the first half. We should be able to write another grant for the second half. Our next meeting will be a walking or biking meeting to look at this project.

4. SRTS update (Jason & Linda)  
We reviewed the latest plan for S 4th and S 6th St along Elm St. Houston County is working with the City of La Crescent to eventually install rapid flashing beacons (RFB) at these crosswalks. Paint is planned to define the crosswalks and bump outs will go in the west side to shorten the crossing and to prevent cars from passing on the right.

5. Hwy 14/61 to Millers Corner grant proposal (Jason)  
Larry Kirch, La Crescent’s Economic Development Director has written a transportation grant to study the bike connection from La Crescent to Hokah. The City’s of Houston, Hokah and La Crescent are also working on a joint powers’ agreement.

6. Other members to committee (All)  
We discussed the work the Park and Recreation Committee is doing to update the Park and Recreation Plan (see meeting packets from 2-28-22 and 3-29-22). MSA are the consultants hired to write this plan. They (MSA) has incorporated many recommendations from the Bike and Pedestrian Plan (2017), the Bluffland Plan (2017) and the City of La Crescent’s Comprehensive Plan (2016). Maseray is a member of the Park and Recreation Committee. We wondered how our two committees could support each other. Maseray suggested attending the next meeting, Monday, June 27 at 5:30, City Hall. Jason suggested asking to be on the agenda to make a formal presentation about how our plans are connected and how to better support each other.

Meeting was adjourned at 8:25 pm

Respectfully submitted,
Linda Larson
